(d) if so, the details thereof during each of the last three years and the current year, State/UT-wise and the action taken by the Government in this regard?

Answer

MINISTER FOR RURAL DEVELOPMENT
(SHRI BIRENDER SINGH)

(a) The State-wise details of the amount released and spent under the National Land Records Modernisation Programme (NLRMP) during each of the last three years and the current year is annexed.

(b) The progress made by the various States under the NLRMP has been assessed. There are 24 States which have done the Computerization of Land Records and 24 States have done the Computerization of Registration. 10 States have reported the Integration of Land Records and Registration.

(c) & (d) The progress of NLRMP is at various stages of implementation,like when the computerization of land records & computerization of registration has been completed, the survey-resurvey is yet to pick up in most of the States/UTs. Similarly, the component of Modern Record Rooms is also under progress in most of the States/UTs. Workshops on Best Practices of NLRMP, Regional Review meeting etc., are organized by the Department from time to time to review and highlight the achievements by different States/UTs which are to be followed by relatively slow performer States.
